

It's reported that the Japs have spiked the Russian guns. It's a fact that we've spiked regular prices. We've cut out profits and on some articles the actual cost of manufacture. Our store is not a storehouse. We do not store goods away for next season. Before inventory we sell, clean up and clear out, and by these means we always have an interesting place for you to trade in.

Twenty per cent. discount on Winter Suits, Trousers and Overcoats. No old shopworn goods. All new and good style.

THURSDAY, JANUARY 5, 1905.

Homicides fell off, stealing decreased and suicides increased. Such is the record of the country for the year just closed. It might have been improved upon.

The American who attempted to walk around the world in seven years failed and wore out 160 pairs of shoes. He could have done as well right here in Barre.

Vermont's Morgan horse breeding industry must also be included in the list of those that are booming along. Col. Joe Battell of Middlebury is very largely responsible for this result.

Judging by the number of men employed the Quincy granite industry must have been picking up during the past year. Still the number of men employed is far short of the number in Barre.

The treatment which the Japanese are according their prisoners at Port Arthur removes a good deal of the hellishness of war and causes one to almost forget the terrible sacrifices entailed in the capture.

Snow fell to the depth of six inches at White River Junction Tuesday and never touched us. The distribution of the weather has been most remarkable. Still we appear to have a monopoly of attention by King Frost.
